

RECLIFF REVIEW

OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

RECLIFF, ALBERTA, THURSDAY, APRIL 24, 1919.

MRS. J. KNIGHT ADDRESSES A MEETING HERE

Spoke in the interests of the "One Big Union."—Fair Crowd in Attendance but No Action Taken.

A meeting was held in the Empress theatre last Monday evening in the interests of the "One Big Union" movement. Although the meeting was not advertised it was fairly well attended, most of those present going more out of curiosity than as a matter of their approval or the movement.

Ready For German Delegates April 28

The first of President Wilson's 14 points, for open diplomacy, is again being put to the test in the arrangements for the Versailles congress. The announcement of the proposed arrival of the German delegation on April 28 postpones the opening session from Friday to Monday. An executive session is provided for, with no admission to the meeting or to the building in which the session is held. A pavilion in the neighboring gardens will provide accommodation for the press. The United States correspondents are to hold a meeting to consider a protest to the United States delegation concerning the secrecy of the proceedings.

President Wilson's plans for his departure have not been changed since he formed the determination to leave about May 20. It is the president's intention to visit the signing of the treaty and personally attach his signature to the final draft of the treaty. The final drafting of the treaty is proceeding with difficulty, owing to the vast magnitude of the task and the great number of topics particularly concluded. The forces working on the draft have been divided into several prominent principalities have been largely suggested.

Redcliff Loses First Game of Football

The first football match of the season was held last night at the Redcliff team's home on the Victoria Highway. The game was a friendly game with the local "line-up." The weather was ideal for the game and there was a good crowd in attendance. The teams were very evenly matched and well balanced, each side having its share of the honors.

For the first ten minutes of play the visitors had a little the best of the argument but for the balance of the first period the locals put the shoe on the other foot. However in the first half neither side was successful in scoring the goal.

The second half was only five minutes under way when the visitors gave the score from the opportunity of cutting a notch in their side of the slingshot. From this the play got more exciting and the crowd grew larger. The teams were evenly matched and well balanced, each side having its share of the honors.

Medicine Hat—Atkins, McKay, Appleton, Hall, Giddie, McMorrow, McGee, Campbell, Carpenter, Collins, Burgess (second half).

Redcliff—Gilbanks, J. Learmonth, D. Smith, Lahey, McLean, A. Leamont, J. Burgess, Simmons, Osgood, Maskell, Hodge.

Referee—S. E. Whitehead.

Early in the game Fairless hurt his knee and was compelled to retire. Burgess took his place.

Chief Police Roberts Resigns His Position

As no notice of any change in the position was brought up at the last meeting of the council, the announcement on the street that Chief Police Roberts had tendered his resignation came time ago and had raised some of the service yesterday, came as a great surprise to the citizens.

Since his appointment as chief of police Mr. Roberts has shown himself to be a fearless and efficient officer and the citizens will be sorry to lose his services. Mr. Roberts and his family are returning to Medicine Hat to reside.

New Political Party Formed in Britain

The indignity party of the very latest political and patriotic party in the British Isles. It is composed of all shades of new and old line politics and contains thousands of members of the Liberal, Conservative, and Labour parties.

Liberalism, Conservatism, and Socialism are united in the two-fold purpose of this up-to-date coalition. This purpose is to make Germany pay for the limit, and to adequately punish the Kaiser and his clique of war instigators.

Lloyd George has just reached London from Paris after a peace session likely to be historic and talked home by the having been caused in the United Kingdom by the new parliament which is "Reparation and Punishment."

"Lack of faith in the government's ability to make good its pre-election pledges" caused the last week of the government candidate in the bye-election at Hull. This is the second serious setback for the Premier since the war, and is more of a future disaster, say the London correspondents.

ADDITIONAL LOCALS

Mrs. T. Kopp is spending this week in the Bowmont district visiting her brother, A. Hagen.

R. Everett, who has been spending the winter at the Pacific coast, returned to town this week.

Billy Simons, who enlisted from Redcliff with the "Fighting Tombs" returned to Canada a few weeks ago and is now in Edmonton with his father. When in Redcliff Billy was employed in Patterson's Bakery.

Donald McLaughlin says that if the local players don't turn out regularly to practice he will not take them on that trip to Scotland this fall. Regular practice nights will be selected tonight at the meeting.

A practice football game will be played on Monday, April 28th, commencing at 7 p.m. sharp, between the married and single men of Redcliff. All intending players are requested to turn out.

Miss Miller represented the local school teachers at a meeting of the Teachers Association held in Calgary last Friday and Saturday. Miller reports a most enthusiastic meeting where several matters of interest to teachers were discussed.

Seedling is now general in this district. The new weather of the past week, following the abundance of moisture the previous week has made conditions almost ideal for the spring work. As a result good progress is being made.

According to the financial statement of Y. M. C. A. all collections for the 1918 campaign, Redcliff contributed \$151.88. Most of this was donated by the members of the Rolling Mills, who use a percentage of their earnings to this fund.

Mr. Crittenden, D. D. G. M. of the Odd Fellows for the district, has a number of friends from Medicine Hat, paid the local lodge a visit at its regular meeting last evening. After the business of the evening was disposed of a pleasant social hour was spent.

At the opening school last Tuesday after the Easter holidays quite a number of new beginners were turned away owing to lack of accommodation. Needless to say there were a number of disappointed parents. It is reported that enough were refused admission to start another room.

Now that the fine weather has arrived and the air is full of that summer sport feeling, there are a number of young men in town who feel that Redcliff should have a baseball club this season. We still have a number of old players in town who are anxious to get things started in this direction. We see no reason why we should not have a club to enter the league now being arranged, and who have played the game and feel that they can be of any assistance to a local team should see E. Millard who is anxious to get a club here.

We are in receipt this week of an interesting list of local news from the Bowmont district but as the list did not sign his name we are unable to publish same. We are very anxious to get all such news and would welcome it a great favor to come on in the different districts would write as a budget regularly, but it is absolutely necessary that the writer who is doing the writing. The name of the writer need not necessarily be published, in fact no one need know the author but ourselves, but we must have the name simply as a guarantee of good faith. We would be pleased if the Box Springs correspondent would either send us his name or call at the office so that we may get the news in our next issue and publish all future contributions.

FAREWELL FOR REV. GIBSON.

An invitation is extended to all parishioners of St. Ambrose church to attend a gathering in the parish hall on Monday evening next at 8 o'clock as a farewell for Rev. H. C. B. Gibson, and Miss Gibson, who are leaving shortly for their new home in Swift Current.

G. H. WORTS, Vicar's Warden.
H. JOHNSON, People's Warden

Rolling Mill to Open in Two Weeks

Work on the improvements and repairs on the open hearth furnace in connection with the Rolling Mill here is being rushed through with all possible speed and it is expected that everything will be in shape to start the whole plant in operation with the time being in about two weeks.

As this all plants starting in the steel business there is a certain stage of experimenting to be gone through before everything is put in working order and things arranged to conveniently and profitably handle the output. Although the open hearth furnace has already been in operation it was found that several improvements could be made which would add to its efficiency, and it is for the purpose of making these improvements that this part of the plant was closed down temporarily.

This plant has now a number of large orders on hand so that when it starts up, again the prospects for a busy season are very promising.

Oddfellows to Attend Church Next Sunday

To commemorate the one hundredth anniversary of the order, the members of the local Odd Fellows will attend divine worship in a body next Sunday afternoon, April 27th. The service will be held in the Amuse-U Theatre and will commence at 3 o'clock. Rev. Dr. Shaver, pastor of the Presbyterian church will conduct these services and special music is being arranged for the occasion.

Members of the lodge and visiting brethren are requested to meet at the lodge room, Hill's hall, at 8:30. After the procession will be formed, and headed by the band, will proceed to the theatre.

Although this service will be under the direction of the Odd Fellows, all are invited to attend.

Italy Still Firm For New Boundary

Premier Orlando threatens to return to Italy unless there is a satisfactory adjustment of the Fiume and Dalmatian questions. Premier Lloyd George is trying to persuade the Italian leader to remain in Paris longer while he continues his efforts to reconcile the opposing viewpoints.

It was known that Premier Lloyd George tried unsuccessfully during the discussion to find a basis for an agreement between the different sides on board. Several of the representatives present said that when they left Odessa, their terms, in the carrying out of their undertakings, they had been told that the Bolsheviks had resorted to the use of Chinese, the most savage of these people being used. It was asserted that a man named Savicki, an engineer of Kronstadt, was slashed with knives all over his body and then compelled to sit on a pile of hot coals. He was burned to death in the presence of his wife, who died from shock.

Many Soldiers are Taking up Farms

A large percentage of the returned soldiers who have applied for the benefits of the Soldiers Settlement Act in the four western provinces have been found to be qualified to engage in farming at once. Figures given out by Mr. W. J. Black, chairman of the board, show that February 19 to April 19, since the new law went into effect, 4,245 veterans have been approved by the agricultural qualification committee of British Columbia, Alberta, Saskatchewan and Manitoba.

Quite a large number were found to have had sufficient agricultural experience to warrant the committee in placing them immediately on the land, and they will spend one year at work on farms managed by successful farmers who are interested in returned soldiers. Lists of such approved farmers are posted in the provincial offices of the Soldiers Settlement Board.

War Savings Stamps make saving easy and profitable.

OBITUARY

Mrs. Walker, of the Box Springs district, received the sad news yesterday of the sudden death of her husband, Mr. F. W. Walker, of Ponchailler, Alberta. Mr. Walker was only 51 years of age and leaves a family of five small children.

No particulars concerning her death are as yet to hand, but that the illness must have been very short, as a letter from her just a few days previous announced that she was enjoying her usual good health, but that the children all had the scarlet fever.

Mrs. Walker, who was visiting at Dunmore when the news came, returned to Redcliff and took the noon train yesterday for Ponchailler.

Band Concert Sunday Evening

Under the auspices of the local branch of the G. W. V. A. a band concert will be given in the Amuse-U Theatre by the combined bands of Medicine Hat and Redcliff, and will commence at 8:15 sharp. Miss Doreen White and Mr. Blackburn, both of whom are well known to the people of Redcliff as first class vocalists, will render several songs from their extensive repertoire.

Children will not be admitted unless accompanied by an adult. A silver collection will be taken at the concert. Come early and secure a nice seat. The following will be the program for the evening:

1. Two choruses of "Land Kinky Light."
2. March, "La Revo Pasty Band."
3. Duet, "Tell Me, Meet Again," Miss Doreen White and Mr. Roberts.
4. Selection, "War Songs" Band.
5. Solo, "Selected."
6. Solo, "Selected."
7. Chorus, "Smiles and Kisses" Band.
8. Chorus, "Smiles and Kisses" Band.
9. Solo, "Selected."
10. Solo, "Selected."
11. Solo, "Selected."
12. March, "Patriotic" Band.
13. Solo, "Selected."
14. Solo, "Selected."
15. Solo, "Selected."
16. Solo, "Selected."
17. Solo, "Selected."
18. Solo, "Selected."
19. Solo, "Selected."
20. Solo, "Selected."

Bolsheviks Resort to Savagery in Odessa

The steamer, Goudria, arrived at Marseilles from Odessa with 460 Russian soldiers on board. Several of the repatriated men said that when they left Odessa, their terms, in the carrying out of their undertakings, they had been told that the Bolsheviks had resorted to the use of Chinese, the most savage of these people being used. It was asserted that a man named Savicki, an engineer of Kronstadt, was slashed with knives all over his body and then compelled to sit on a pile of hot coals. He was burned to death in the presence of his wife, who died from shock.

Edmonton Against The One Big Union

The Edmonton Trades and Labor Council has declared vacant the seats of all its delegates to the Calgary convention who voted for and were in the interests of the "One Big Union."

The council maintains that the action of these delegates was contrary to the constitution of the Edmonton Federation of Labor, one clause of which reads:

"No central labor body of any other central body of delegates shall admit to or retain in their council delegates from any local organization that owns its allegiance to any other body, national or international, hostile to any affiliated organization."

Dainless Company Complete First Unit

The work undertaken by the Dainless Manufacturing Company, Limited is the kind of projects work that requires a lot of determination on the part of the executive directors to carry it through to a successful conclusion, and we are surprised and pleased to learn that the first unit of money has been successfully completed.

Quiet Session of Legislature Ended

The quiet session of the fourth parliament of Alberta first ended in no way remarkable except for its length and lack of interest. No legislation of any considerable importance was placed upon the statute books. Nearly every day that was passed was in the nature of improving legislation adopted in previous years, and with the exception of one or two minor acts the new legislation was based on a new principle.

From a party standpoint the government emerged from the session not much, if any, stronger—certainly no weaker. The opposition gained no strength, and with the exception of the labor representative, the independent members were not very active. It was all in all, a rather colorless session, in which regulations were neither made nor raised. No private member came out conspicuously into the limelight, and generally the proceedings of the session were not very interesting. The opposition spent much time in searching for irregularities in administration, but got but little distance in the task—Calgary Alberta.

Red Cross Plans For International Work

No definite announcement in regard to the peace work of the Canadian Red Cross, will be made prior to an international conference which will be held in Geneva 20 days after peace is declared.

Representatives of the great powers—Great Britain, United States, France, Italy and Japan, are at present in session at Cannes, where plans are being made for the work of the Red Cross organizations of the world, in work for the welfare of humanity and the prevention of suffering and disease.

So great a part has the Red Cross played in the history of the past four years that members of the peace forces in the construction of a new civilization, the Red Cross must also take its full share.

The British Red Cross Society, the oldest and most conservative of all Red Cross organizations, and the only one which has not from time to time, administered civilian relief in an extension of its charter to enable it to undertake all sorts of civilian and charitable work.

POLICE APPOINTMENT.

Since it has become known that H. Roberts has resigned his position as chief of police the question of his successor is causing some comment around town. When it was rumored around that arrangements were being made to engage a returned soldier from an outside point to fill the vacancy there were those who thought this was not sufficient to do in view of the fact that it would only be a matter of a few months till there would be a number of our own Redcliff men returning home from overseas. The opinion is that with the large number who will soon be returning there will surely be one among them capable of filling this position.

This being the case it might be well if the council would consider these circumstances before making any permanent appointment. If there are none of our own returned men at the present time who are capable of filling this position and want it, a temporary appointment might be made. Who ever is engaged in the meantime could be engaged only by the month and on the understanding that when a capable Redcliff soldier returned the position would again be declared vacant.

The Review has interviewed several of the members of the Veterans' Association in this matter and all of them have been in favor of this plan.

LOST OPPORTUNITY.

In its editorials the other day the Calgary Albertan said:

"There is much that is useless in the routine of our government which could be eliminated with profit. The ornamental value of the gold braid and the gaudy processions is greatly exaggerated. The endless rules of order and painful rules of procedure tend to block important legislation rather than expedite it. The sweeping away of titles and senates; gold-braided officials and be-worshipped flunkies would place our administrative bodies on a business-like basis, and inject an atmosphere more in keeping with the country. Some change should be made."

We quite agree with the sentiment expressed in the above but when we remember that the editor of the Albertan is also a member of the legislature we wonder why he did not give expression to these views, on the floor of the legislature during the session just closed. The press may be the mouldeers of public opinion but the place to put these opinions into action is in our legislatures and parliaments.

CLEAR UP.

With the arrival of fine spring weather we are again reminded of the necessity of spring cleaning, and in no place is this more necessary than in the back yards, lanes and streets. The accumulation of rubbish and refuse during the long winter months makes an ideal hold for disease and flies unless properly attended to, say nothing of the appearance of one's home and surroundings.

FOREIGN TRADE.

The absence of preparatory work in Canadian schools and colleges for the study of foreign trade service has been brought prominently before the Canadian Trade Commission in its investigation into possibilities for increased Dominion export trade. It is felt that a permanent expansion of our trade abroad must be undertaken if manufacturers are adequately to share in meeting the burden which the great additions to the national debt will impose for many years to come. Extension of home markets will not meet the need at the same way.

As a first step to bringing before the public the importance of means for the training of younger men to take up foreign trade work, the Trade Commission has written to all the Canadian universities asking if they can give their immediate support by establishing, this summer, short courses for business men and students featuring especially aspects of foreign trade.

It is believed this matter will be enthusiastically taken up by younger men and women anxious to secure an opening in life which will apparently not be overworked and which will develop in importance as trade of the Dominion increases. There appears to be a decided quickening of opinion in Canada as in Great Britain and all the British overseas dominions in the study of modern languages for the securing not merely of the trade which formerly fell to German and Austrian merchants, but in the wider fields of China, the East Indies and South America.

The one thing which the Commission insists upon is that the present reconstructive work in Europe must be regarded as only showing the way to what Canada can do abroad in export trade and it emphasises the fact that expansion on absolutely permanent lines in the whole of the world's markets must be undertaken by manufacturers if our national resources are to be utilized to the full.

There were a number of disappointed parents in town last Tuesday when they found their children were turned away from school on account of lack of accommodation for them. Naturally this office was visited by the disappointed ones who protested vigorously about such a condition of affairs. The strong argument with most of them was: "Our taxes are being raised this year and yet we can't send our children to school."

Down in Hamilton, Ont., an attempt was made to raise the price of butter to what was thought an exorbitant price. The women got wise and refused to buy any and it was only a matter of a day till prices dropped again. Judging from the noticeable raise in butter here during the past few days, a similar boycott might bring the wholesaler back to earth again.

It has been suggested to us by members of the council that in future when any ratepayer has any matter to bring to the attention of the council he should do so in writing and send it to the Secretary of the town. In this way the matter would be brought to the attention of the council in the regular way and be disposed of by the whole council.

A young married man who escaped the military service draft because he had a little baby boy, called the youngster "Weatherstrip." When his wife was asked, "Why he gave the child such a name," she said: "Because it kept father from the draft."

There is an old saying that if a man once gets the reputation of getting up early in the morning, he can sleep as long as he likes. Toronto was once known as "Toronto to Good." Now the policemen rake in whisky at the rate of two thousand bottles at a time.

Our national debt has run from \$46 a head in 1914 to \$270. The Canada Trade Commission suggests the best way of meeting obligations is by exporting more and importing less.

The two main ideas promoted by the Canadian Trade Commission at present are: "Buy less abroad and make more for export."

JENNEY STOCK IN

C. P. L. TRANSFERRED.
Sir James Duncanson issued an order transferring stock in the Canadian

Pacific Railway Company, to a value of \$22,800,000, held in New York on behalf of enemy alien, to the finance minister of Canada.

\$3.50 Wheat is

Predicted by Hoover

At the conclusion of a comprehensive statement regarding the international wheat position, Sir James Wilson, in an interview with Broomgals, declared that by October, 1919, according to his estimates, Britain will have reaped a harvest of 11,000,000 quarters as compared with the year average of 7,500,000 quarters. And although the total yield of wheat in France, Germany and Austria-Hungary will be much below their year average, all importing countries in the world on the pre-war average imported 77,000,000 quarters are now likely to import in the year ending July 1, 1920, as much as 82,000,000 quarters.

Sir James Wilson does not share the view of Mr. Hoover, who states that

wheat in the United States may not be \$3.50 next season.

Women Help to

Boost Canadian Trade

Many women's organizations have

promised their support to the Canadian Trade Commission's campaign to "Buy Canadian-made Goods" only, if possible. We imported over \$400,000,000 worth of goods or products from the United States last year. The C. T. C. thinks that by a little extra effort these could be produced in Canada.

"FARMERS and BUILDERS

We are ready to fill your SPRING requirements in all classes of BUILDING MATERIAL at LOWEST MARKET PRICES.

Just received a car load of A.1. Red Cedar Fence Posts also car of Fresh Portland Cement. We also stock Fresh Lime, Woodblock Plaster, Corral Poles, Sashes suitable for Hot Beds and all kinds of Water Troughs and Tanks.

OUR PLANS and SERVICE are at YOUR DISPOSAL

THE ATLAS LUMBER CO., LTD., REDCLIFF C. D. SCOTT, Mgr.

PHONE 11

Help the Y.M.C.A. Finish its Work For Soldiers

Help the "Y" Construct the Manhood that will Re-construct Canada

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Reconstruction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, grammophones and records, made lanterns, literature and writing materials. Where possible, also a place on an organ. Lectures, concerts, sing songs, instruction in Government registration plan, and Sunday Services.
2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free canteens, cigarettes, etc., and furnish information.
3. Red Triangle men on every troop train to provide regularly free drinks, canteens and cigarettes, and furnish information.
4. Red Triangle free canteen service in military barracks, at each of the 22 Dispersal centres for Canada.
5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. banquets to furnish food and board at low rates and to be a rendezvous for soldiers.
6. Seventy-two sanctuaries to supervised Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.
7. Ticketed travelling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service also for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

Y.W.C.A.

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be an aid, and the Dominion Council of the Y.W.C.A. is asking for the soldiers' wives, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the soldier in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

National Council, Young Men's Christian Associations of Canada

The Red Triangle Campaign is being conducted under the distinguished patronage of His Excellency,

the Duke of Devonshire, K.G., G.C.M.G., G.C.V.O., P.C.

His Campaign Chairman:

James W. Ross, Montreal

Campaign Chairman:

G. HARRISON, Toronto

Campaign Treasurer:

THOMAS DUNCANSON, Toronto

Please Note:

We are not asking for money to carry on our work Overseas, and will not terminate till the last man has sailed for home.

The Y.M.C.A. will keep its chain of Service unbroken till the end.

German Labor Crazy**Says Hun Financier**

President Havemann, of the Reichsbank, financial authority of his country, describes to the press the situation confronting Germany, as it appears to a conservative. Summed up, his views are as follows:

The Allies, especially America, hold Germany's future in their hands.

They must furnish Germany with credit, with German labor as the security.

Germany can pay a reasonable, but not an excessive, indemnity.

France need not fear German militarism, as the government cannot even defend itself against strikes.

German workmen are "absolutely crazy." They will only go to work when their need becomes great.

Germany must abolish socialism.

Only a quick peace and America's help can avert Bolshevism.

"France need fear German militarism, Germany has no militarism now. She cannot even crush the strikes. Look at Munich. The Entente is responsible for Germany's future. The indemnities must be low."

Asked if German financiers have any plan for inducing the workmen to resume their posts, since the banks are recognized as the backbone of industry, Havemann replied:

"The banks must support the industries more than ever. They are loyally as the result of losses from the strikes. We have no plans for the strikes. We have no plans for quieting the workmen. They are absolutely crazy. Their demands are outrageous. We cannot deal with insane people. The workmen ask too much. Wages are too high now. Labor is greedy and avicious."

"The only thing that will make labor go to work is need. When that becomes great they will return to their posts. It all depends upon the extent." The way to settle the problem is for the entente to give us a quick, good peace, send us materials and food, and grant us credit. This would put Germany on her feet again."

How to Help the**Canadian Fishermen**

About 2,000 bread winners in the sardine fishery industry on our Atlantic coast are faced with unemployment. The fishing season normally opens on May 1st, but owing to the fact that the factories have a large surplus from last year it is not the intention of the managements to open until that is disposed of.

In view of the fact that last year there were imported into Canada \$250,000 worth of foreign fish of the sardine type from France, Spain, Portugal, Norway and California—none of which are of better nutritive quality than the Canadian sardine—the Canadian Trade Commission requests a voluntary campaign on the part of Canadian grocers, restaurants and housewives to give preference for the next few weeks to Canadian-packed sardines.

May 15 is End of**Peace Discussions**

Discussion of the peace terms by the Versailles congress after the Germans are called in will not be continued longer than May 15, the de Paris declares. The Germans will be required to sign the peace conditions subject only to ratification by their government, the allies not consenting that these conditions shall be submitted to a plebiscite, it adds.

Satisfaction is expressed by the press at the speedy subsidence of the furry over the question of what German delegates should come to Versailles. The deduction is drawn that the only thing to bring about the failure of such dilatory manoeuvres by the Germans is to speak clearly and firmly to them. It is pointed out that the only benefit, if there be any, which Germany has secured, is to delay the opening of the negotiations for a few days. The solution is attributed by the press of all parties to the energetic attitude of the entente, which is accounted a good omen for the success of the Versailles negotiations.

GREAT BRITAIN SHOULD**CONTROL CONSTANTINOPLE**

"Great Britain and Great Britain only is the only proper nation to have control and administration of the port of Constantinople, as the great commercial bay of the world," was one of the statements made by Montaville Flower, one of the most noted American orators, in addressing the Rotary club at Calgary this week.

STATE OF SERIE**IN HAMBURG PORT.**

A state of siege has been proclaimed in the important German port of Hamburg and the suburbs of Altona and Wandsbeck, according to notices received from Hamburg. In consequence of the disturbances in Hamburg, the police have received orders to shoot persons carrying arms, plundering or fighting against the national police.

THE REDCLIFF REVIEW

C. P. R. TIME TABLE

For the convenience of the public we have asked to announce the hours of departure of trains at the C. P. R. station here. They are as follows: West bound, No. 3, leaves at 11:00 a. m., and No. 1 at 11:30 p. m. East bound, No. 4, leaves at 8:40 a. m.

ITEMS OF LOCAL INTEREST

Miss Smith visited relatives at Walk during the Easter vacation.

Miss Matheson spent the Easter holiday visiting friends in Medicine Hat.

Keep in mind the Odd Fellows service in the Amuse-U Theatre on Sunday afternoon at 3 o'clock.

Miss Shearer, daughter of Dr. and Mrs. W. Shearer of this town, arrived from Calgary this week and will reside here in future.

C. Buchholz, of the Brick & Coal office staff, spent a few days this week on the Lethbridge-Weyburn branch on business for the company. He reports a successful trip.

Credits of \$75,000,000 have been established in Europe by Canada and \$25,000,000 more is likely, but according to the C. T. C. this only touches the fringe of the world-wide trade openings.

Cows and chickens are still running at large about town and it won't be many days before they will be able to do considerable damage. Somebody should get busy and have this nuisance stopped.

The dance given last Monday evening under the auspices of the Odd Fellows lodge was not as largely as was expected. The committee in charge of arrangements went to considerable trouble to make the affair a success so that those who did attend had a most enjoyable evening. The music was excellent, the floor was in good condition and the tempting lunch served left nothing to be desired.

Appropriate Easter service were held at all the churches in town last Sunday.

L. S. Jack, of Calgary, brother of Mrs. G. Lemson, of Bowell, spent last week end with Mr. and Mrs. Lemson.

Don't forget the band concert in the Amuse-U Theatre on Sunday evening under the auspices of the G. G. V. A.

The output of creamery butter for the province of Alberta during the past year totalled 9,000,000 pounds, against 8,844,000 pounds in 1917.

On account of a fire in Connaught tunnel in the Rockies the train service on the C. P. R. from the west was completely demoralized, last Tuesday. No east bound coast trains got through until Wednesday noon.

The funeral of the late Mrs. B. Burke took place last Friday afternoon from Knox's Undertaking Parlor, Medicine Hat. The pallbearers were Messrs. W. J. Fairbairn, G. G. Patterson, W. Keata, T. A. Hicks, A. McColeman and G. Dickson.

Principal Killick of the school, took advantage of the Easter vacation to visit friends west of Calgary. Owing to the disorganized condition of the train service on Tuesday and Wednesday he was unable to return in time for school opening.

The afternoon tea and sale of work held in the Presbyterian church yesterday afternoon under the auspices of the Ladies Aid, was a great success. Many useful and fancy articles as well as a tempting array of home cooking, were offered for sale and little difficulty was experienced in finding ready buyers.

Wille Miller, son of Mr. and Mrs. S. Miller of this town, was among the Fighting Tenth soldiers who passed through here by special train yesterday morning on route for Calgary. His father met him at Medicine Hat and reports that he is looking fine. Mrs. Miller went to Calgary to meet her son and take part in the great reception that was given the boys. Wille expects to be able to return to Redcliff the end of this week.

"Little" Billy Watson, who left Redcliff with the 6th, is expected to return here Saturday of this week.

Men are now at work repairing the west siding to the industries at this locality. The new siding to the rolling mill will also be installed as soon as this repair work is completed.

Shareholders of the Danitless Manufacturing Company, who have been getting copies of the Review and wish to have same continued, are requested to send in their money to the company and have their names put on our regular mailing list.

Profit-sharing is often heard of in connection with industries, but a large farm operated on this basis sounds novel. Such a scheme has been carried out with great success in Southern Alberta by C. S. Noble, who in 1915 made a reputation all over the world by harvesting what was claimed to be a record crop of wheat on 1,000 acres.

CHURCH NOTICES

CATHOLIC CHURCH.
Until further notice services will be held in Crowe's hall on the fourth Sunday of each month.
